How to get there

About this event

The **Fireside Chat** will consist of an **open discussion** with **students and researchers from the TUM School of Social Sciences and Technology**. This session shall allow for open exchange between participants and Dr. Mitrpant on areas of AI Governance, AI Ethics, Cybersecurity, **International Dynamics**, and more.

Dr. Chaichana Mitrpant is the Executive Director of the Electronic Transactions Development Agency (ETDA) at the Ministry of Digital Economy and Society of Thailand. He heads the ThaiCERT and digital forensics operations and supervises a policy research and development team responsible for promoting electronic transactions in Thailand. As a member of several sub-committees of Thailand's Electronic Transactions Commissions, he contributes to making laws and regulations that foster a secure environment for electronic transactions. He has over fifteen years of experience in digital communications and information security. Dr. Mitrpant received a Ph.D. (Engineering) from the Universitaet Duisburg-Essen (Germany), an MS (Electrical Engineering) from the University of Michigan (US), and a BS (Electrical Engineering) from Rice University (US).

Join experts from our university community, including:

- Prof. Christian Djeflal: Assistant Professor for Law, Science and Technology
- Fabienne Marco: Research Assistant and PhD Student
- Amela Gjishti: Co-Founder Responsible Tech Hub
- Pablo Gomez-Ayerbe: Science and Technology Studies, previous Advisor to the Presidential Office for Economic Affairs and Digital Transformation in Colombia

Co-hosted with **Responsible Technology Hub**, a student organization that aims to foster intergenerational exchange on the development of responsible technology.
